

FOR CHARTER / OVERNIGHT

# Leopard 51 -S

MOTOR YACHT

Power Catamaran will generally cruise at 10 knots, although she is capable of 20 knots, and can cover large distances. But at this speed fuel consumption is very high so we will add a fuel surcharge if your destination is outside our normal cruising grounds. An example of this would be visiting Phi Phi islands on a day cruise up to 20 passengers on a day cruise, and 6 on an overnight cruise.
